

# THE FLOORING SOLUTION FOR COMMERCIAL FACILITIES

The optimal REGUPOL  
flooring for your commercial  
spaces

## Green from the floor up

**Here is a collection of flooring products that satisfies the rudimentary concerns of function and form.**

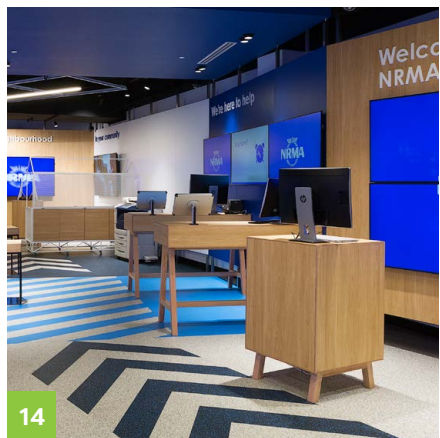

Such attributes are not unexpected when you consider our German origins. At the same time, they deliver on sustainability, incorporating high quality post-consumer and pre-consumer materials. This helps open the door to green building design briefs which may be out of reach to lesser products.

So if you're looking for flooring for your commercial space, you've come to the right place because whatever you need:

**We've got it covered.**

THIS IS WHAT YOU CAN FIND  
IN THE BROCHURE

07

**Applications**

Our products can be used for a range of very different applications.

18

**Colours & Ranges**

Our elastic fitness floors are available in many different colours.

20

**Designs & Accessories**

We offer a wide range of possibilities for customizing your floor and creating individual designs.

23

**Service, Quality and Sustainability**

Our quality, our services and our efforts to achieve sustainability.

27

**REGUPOL Group**

# OUR FLOOR FOR COMMERCIAL AREAS

## Inviting:

First impressions are vital for your commercial spaces. Our REGUPOL everroll floors can just as easily be installed in foyers and reception areas as in the office and walkways. They are comfortable underfoot, slip-resistant, highly robust, and long-lasting even in heavily frequented areas.

### Rolls

Very hard-wearing, even in more frequented areas | great variety of design possibilities to ensure a friendly welcome | slip-resistant and easy to clean | standard or pre-sealed | standard thicknesses: 4 or 8 mm

**Our products:** REGUPOL everroll classic, REGUPOL everroll vitality, REGUPOL everroll ultimate

### Modular tiles

Available as pre-cut modular tiles. Create your own creative space, by using different coloured squares, hexagons or planks.

**Our products:** REGUPOL everroll range

### Our advice:

Give your customers the right impression! Lines, lettering or a logo can be applied into your floor. As per your own design and layout.

**Complementing your vision**

**REGUPOL** everroll offers distinctive product ranges, infused with fragments of colour which harmonise with other flooring systems and contemporary furnishings.

## OUR FLOOR FOR EDUCATIONAL AREAS

Comfortable:

You want your students to feel comfortable and at ease in your learning areas. A calm, pleasant atmosphere puts people in a positive mood. Our REGUPOL everroll flooring is comfortable, pleasantly warm under foot, has a special feel to it and reduces impact and airborne noise in your rooms.

### Rolls

Comfortable | create a pleasant atmosphere | warm under foot | standard or pre-sealed | standard thicknesses: 4 or 8 mm

**Our products:** REGUPOL everroll classic, REGUPOL everroll vitality, REGUPOL everroll ultimate

### Modular tiles

Available as pre-cut modular tiles. Create your own creative space, by using different coloured squares, hexagons or planks.

**Our products:** REGUPOL everroll range

**Complementing your vision**

**REGUPOL** everroll offers distinctive product ranges, infused with fragments of colour which harmonise with other flooring systems and contemporary furnishings.

# OUR FLOOR FOR RETAIL AREAS

Robust and protective:

**REGUPOL puts your customers on the best footing: Our retail floors are slip-resistant and comfortable – a safe and secure base for your customers.**

Do you have acoustic challenges to deal with? When it comes to impact sound, we'll be happy to develop the right acoustic solution on a project-specific basis.

## Rolls

Comfortable | create a pleasant atmosphere | warm under foot | standard or pre-sealed | standard thicknesses: 4 or 8 mm

## OUR FLOOR FOR CHILDCARE AREAS

### Protection:

**REGUPOL everroll impact** is a two-layered flooring system for childcare centres with high requirements of comfort and protection. The elasticity of our floor system noticeably protects little bodies, while the acoustic properties of our REGUPOL everroll impact floor also result in significant user benefits.

The wide range of colour variations makes this flooring a real hit. You are sure to find the perfect décor to suit your needs and taste.

#### Rolls

Very hard-wearing, even in more frequented areas | great variety of design possibilities to ensure a friendly welcome | slip-resistant and easy to clean | standard or pre-sealed | standard thicknesses: 4 or 8 mm

# DESIGNS & ACCESSORIES

## FOR REGUPOL EVERROLL FLOORS

**Primers, adhesives, moisture barriers**  
We'll be happy to advise you, if you have any questions on adhesives, primers or moisture barriers.

**Standard without sealant**  
Generally, our fitness floors are laid without a sealant. This has a positive effect on the slip-resistance, the overall feel and matt appearance.  
**Our products: REGUPOL everroll range**

**Optional Pre-sealing**  
Our REGUPOL sealer makes the floor easier to clean, especially in those areas which are heavily frequented and trafficked.  
**Our products: REGUPOL everroll range**

**Individual design**  
You also have the option of including logos, lines or lettering into your floor. This can be done as inlays within the floor or using full colour UV inkjet technology.  
**Our products: REGUPOL everroll range**

**Puzzle tiles**  
The **REGUPOL everroll ranges** are also available in puzzle tile format. The interlocking type floor can be removed and re-laid quickly and easily.  
**Our products: REGUPOL everroll range**

**Modular tiles**  
The **REGUPOL everroll ranges** are available as modular tiles. With square, hexagon or planks available.  
**Our products: REGUPOL everroll range**

## HOW ARE SOLUTIONS EASY AND INSPIRING? **TOGETHER.**

### **We've got it covered.**

**REGUPOL** is more than sports and multi-purpose surfaces. More than our acoustic underlayments. And more than our state-of-the-art track and field surfaces. For over 65 years, providing solutions and delivering exceptional customer service has been our business. We understand that paying attention to the details is critical from the start of any project. Making changes later means inconvenience and additional expenses. We sweat those details so you don't have to.

Because we invented the technology to recycle end of life tyres into unique products, you benefit from decades of experience and expertise that only we can offer. That means the right information, advice, and answers when you need them, along with products that have been refined, tested, and retested over the years by our R&D team to deliver precision performance that will not disappoint. It is all accomplished with manufacturing that meets the highest quality standards with the strictest environmental requirements.

### **Delivering results, developing leaders worldwide**

We have grown steadily since 1954 – new products developed, new subsidiaries established and new locations added.

Today, **REGUPOL** is still a family enterprise, with third and fourth generations currently working in company management. We have eleven offices in seven countries, all serving as epicentres for innovation, ingenuity, and community.

Behind every **REGUPOL** product, there is a talented team that works together, across the globe, to create performance solutions from reclaimed materials that deliver durability and protection where you need it most without sacrificing sustainability. Whether used to protect surfaces and optimize load transport or to dampen sound and vibration, **REGUPOL** gets it done. We deliver with a level of product, customer service, and investment that only the inventor can offer.

No matter the customer—we aim to make their experience easy and inspiring, at an only-at-**REGUPOL** value.

# OUR UNPARALLELED ENVIRONMENTAL STANDARDS

We understand that your choices play a pivotal role in shaping the future of spaces where people live, work, and connect.

At **REGUPOL**, we share your commitment to creating environments that not only meet high-quality standards but also contribute to sustainable and vibrant communities.

However, not all resilient flooring products are created equal. **REGUPOL** stands as the only rubber flooring manufacturer with:

- An Environmental Product Declaration (EPD)
- GECA (Good Environmental Choice Australia) certification
- Cradle to Cradle certification

This unique combination reflects our dedication to environmental and social responsibility, providing you with flooring solutions that strive to lift conventional industry standards.

## We think long term

Developing socially responsible, sustainable solutions is part of **REGUPOL's** core mission. Our collaborative approach with customers, a philosophy of constant improvement and strong environmental responsibility, motivates us to continue developing innovative sound suppression products that are easy to use, cost-effective and of the highest standards.

## How sustainable are REGUPOL products?

The circular economy works when recycled products compete directly with newly created products from raw materials – and we have been proving this for over 65 years. **REGUPOL** products are typically made from 75% to 95% recycled materials, with a selection of application-specific products made from raw materials.

## OUR ACCREDITATIONS

### GECA

As Australia's leading environmental certification program, certification with the GECA ecolabel indicates that the environmental performance of a product has been certified from a multicriteria perspective, and are verified

as environmentally preferable by GECA. Our certified products attribute to many green building programs including Green Building Council of Australia (GBCA) Green Star program (Level A), WELL Building certification and ISCA's IS program.

### NATSPEC

As the preferred specification system for building professionals, NATSPEC branded worksections are endorsed by Government departments, contractors, consultants and architects alike. We are

proud to be a NATSPEC Product Partner, offering a national specification for our ranges of resilient floors. This will assist you in specifying REGUPOL everroll with various floor finishes on your project.

### CRADLE TO CRADLE CERTIFIED®

REGUPOL has successfully achieved Cradle to Cradle Certified® Bronze. The Cradle to Cradle Certified® products program provides the framework

to assess the safety, circularity and responsibility of materials and products across five categories of sustainability performance: Material Health, Product Circularity, Clean Air & Climate Protection, Water & Soil Stewardship and Social Fairness. Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

### INITIATIVE NEW LIFE

As a founding member of the Initiative New Life, REGUPOL is committed to an optimal recycling economy. Jointly, the members aim to showcase the advantages of recycling products from ELT (End-of-Life Tires) and motivate more sustainable choices. Find out more at [www.initiative-new-life.de/en/](http://www.initiative-new-life.de/en/)

## HOW DO YOU GET TO THE TOP? **TOGETHER.**

When you partner with REGUPOL, you become part of a community with a shared goal of leading with excellence and innovation. Our path to success has always been rooted in product innovation and great service, with an eye on the future. We transform over 90,000 tons of high-quality recycled materials every year to create products that meet and exceed industry standards.

Over the course of our 65-year journey to become a leader in our category of building materials, we have built up a wealth of expertise and forged long-term customer partnerships in 132 countries worldwide—like sprint legend Usain Bolt, who made history on our blue **REGUPOL** running track in Berlin's Olympic Stadium in 2009 when he set two world records.

**"There's nothing like running on REGUPOL. To me, REGUPOL equals gold. In more ways than one." - Usain Bolt**
